

ASSIGNMENT-5

Application helps user to get time zone for current location.

Application consists of login page and home page. User can login in to the application by entering username and password or login through facebook .

(a) LOGIN

The screenshot shows a web page titled "LOGIN". It features two input fields: "UserName" and "Password". Below these fields are two buttons: "LOGIN" and "LOGIN WITH FACEBOOK". At the bottom of the page, there is a graphic with the word "LOGIN" in large blue letters, a globe, a computer mouse, and a 3D figure holding a red bag.

user get alerts if they don't enter credentials

The screenshot shows the same "LOGIN" page as before, but with an alert message box displayed on top. The alert message box has a title bar that says "localhost:63342 says:" and a close button (X). The message inside the box says "Missing credentials". There is an "OK" button at the bottom right of the alert box. The "LOGIN" page content is visible behind the alert box.

localhost:63342 says: ✕

Missing credentials

☐ Prevent this page from creating additional dialogs.

OK

LOGIN LOGIN WITH FACEBOOK

login navigates to a page with a message welcome.

WELCOME.....!!!!!!!!!!

User can login through facebook by clicking on the button login through facebook.
